

Financial Report Short Version

Basic information

The annual financial statement has been prepared in accordance with the Swiss GAAP FER 21 financial reporting guidelines for charitable and social non-profit organisations.

For the statement of accounts, Swiss GAAP FER 21 stipulates that the year-end result is reported after changes in funds. Donations are assigned directly to the fund (allocation to funds reflected in income statement). Earmarked or non-earmarked donations contained in the fund will then be used in accordance with Swisscontact's overall objective to finance project activities (use of funds reflected in income statement). This may be done during the year the donations are allocated, or else in subsequent reporting years.

The cost structure and apportionment of administrative expenses, administrative programme expenses, and direct programme expenses comply with the ZEWO Foundation guidelines.

Important benchmarks and figures

Income

The project volume is kCHF 104,485, which is similar to the previous year's figure of kCHF 105,237. The minor decrease is due to delays and adjustments in project implementation, largely attributable to wars and sanctions in various countries, including Ukraine and Niger.

Donations and contributions (donations with performance mandates), excluding the federal programme contribution, increased to kCHF 14,615 in the reporting year (previous year: kCHF 14,048), which is attributable to higher project contributions from private donors.

In addition to project-related donations/contributions, kCHF 120 in free donations were recorded (previous year: kCHF 115). A total of kCHF 120 was utilised, leaving the free donation fund unchanged compared to the previous year (CHF 1,732).

Expenses

The expenses for communication and fundraising in 2023 amount to kCHF 848 (previous year: kCHF 677). In relation to total expenses, this amounts to 0.9% (previous year: 0.7%). Expenses have risen due to the increased focus on collaboration with the private sector as part of the strategy adjustment.

The share of administration in total expenditure was reduced again in 2023 and now stands at 5.4% (previous year: 5.7%). This reduction was achieved thanks to the integration of a subsidiary into the business activities of the Swisscontact Foundation.

Organisational capital

The consolidated financial statements of Swisscontact close with a profit of kCHF 791 (previous year: loss of kCHF 279). With a currency translation effect of kCHF 12 (previous year: kCHF -8), the organisational capital amounts to kCHF 16,140 (previous year: kCHF 15,337).

Report of the statutory auditor

to the Foundation Board of Swisscontact, Swiss Foundation for technical Development Cooperation

Zürich

Report on the audit of the consolidated financial statements

As statutory auditor, we have audited the consolidated financial statements of Swisscontact, Swiss Foundation for technical Development Cooperation and its subsidiaries (the Group), which comprise the consolidated balance sheet as at 31 December 2023, and the consolidated operating statement, the consolidated statement of changes in organizational capital for the year then ended, and the notes to the consolidated financial statements (pages 3 to 33), including a summary of significant accounting policies. As permitted by Swiss GAAP FER 21 the information in the performance report is not required to be subject to audit. In our report dated on 8 April 2024 we expressed an unqualified opinion on the consolidated financial statements.

In our opinion, the summarized consolidated financial statements (short version pages 2 to 6) are consistent, in all material respects, with the financial statements from which they were derived.

For a better understanding of the Swisscontact's financial position and the results of its operations for the period and of the scope of our audit, the summarized financial statements were derived and our audit report thereon.

Further, we can confirm that the requirements of the ZEWO Foundation subject to audit in accordance with the implementing provisions of art. 12 of the regulations regarding the ZEWO seal of approval have been fulfilled.
